The Gapminder Foundation is a Swedish not-for-profit organization, independent from all political, commercial and religious affiliations. Gapminder's mission is to fight devastating ignorance with a fact-based worldview that everyone can understand. Gapminder's chairman Hans Rosling is a professor of International Health at the Karolinska Institute, Stockholm, Sweden. For more information visit: www.gapminder.org

GAPMINDER SLIDESHOWS

– How Does Income Relate to Life Expectancy?

Short answer – Rich people live longer
